

ELRC Copenhagen Workshop | 8.10.2018

Andrejs Vasiljevs | ELRC/Tilde

European
Commission

European Language
Resource Coordination
Connecting Europe Facility

A large crowd of people is gathered on a street in front of a building. The building has a sign that reads "MIDUR LSMIDUR RNELIUS". The crowd is dense and diverse, with people of various ages and ethnicities. The scene is outdoors, and the lighting suggests it is daytime. The text "How to provide smaller language communities with the same opportunities that the largest language communities enjoy?" is overlaid on the image in white font.

How to provide smaller language communities with the same opportunities that the largest language communities enjoy?

eTranslation

Europe's automated translation platform

Highest translation quality for all CEF languages

Fully integrated into digital services and European portals

Used by **public administrations** in all CEF countries

Enables **secure exchange** of official documents

Connecting Europe

The **Connecting Europe building blocks** enable secure cross-border digital interactions between citizens, businesses and public administrations

Connecting Europe Facility with eTranslation

Exchanging information across languages in the
EU Member States, Iceland and Norway

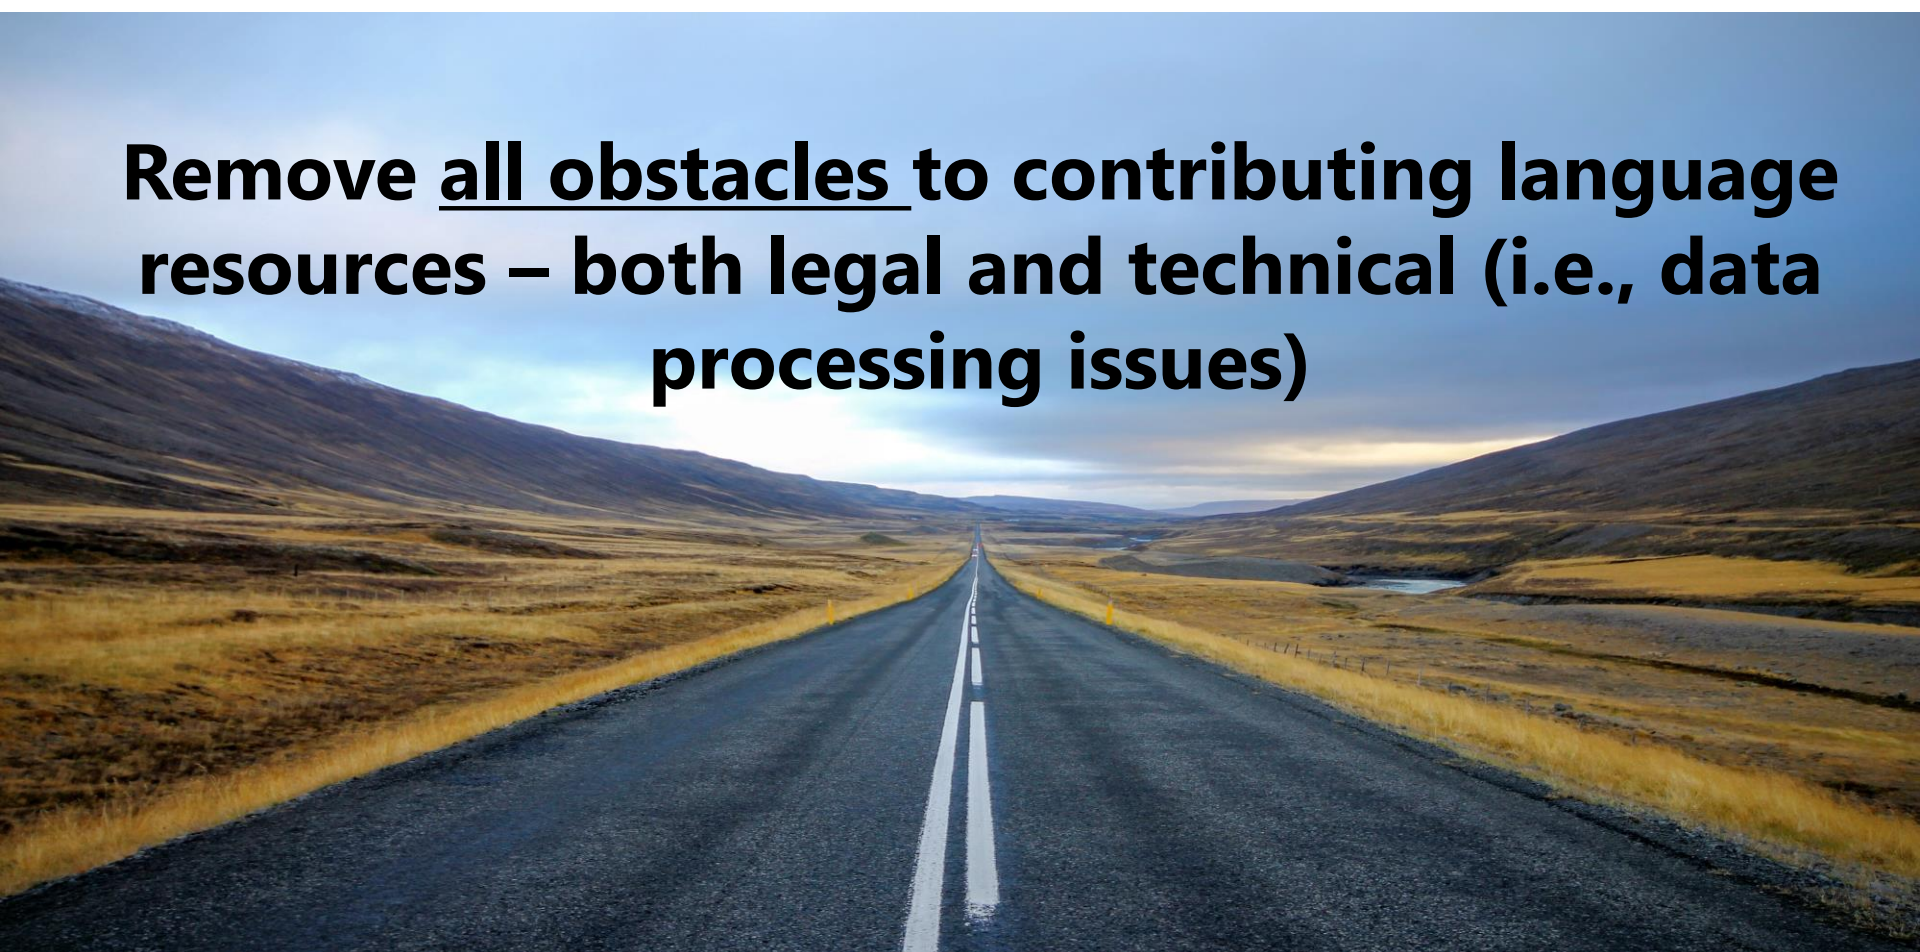

Why ELRC...?

Help data contributors to provide language resources for building better MT systems in CEF eTranslation, benefiting all of Europe

Remove all obstacles to contributing language resources – both legal and technical (i.e., data processing issues)

What does ELRC do?

Collect

Language resources

Identify

Needs of public services

Engage

With the public sector in the
identification of LR

Help

With any technical or legal issues

Act

Observatory for language resources
across Europe

30 ELRC Technological National Anchor Points

Bolette Sandford Pederse
*Centre for Language Technology, University
of Copenhagen*

30 ELRC Public Services National Anchor Points

Peter Gylden Houmann
Agency for Digitisation

German Centre for
Artificial Intelligence

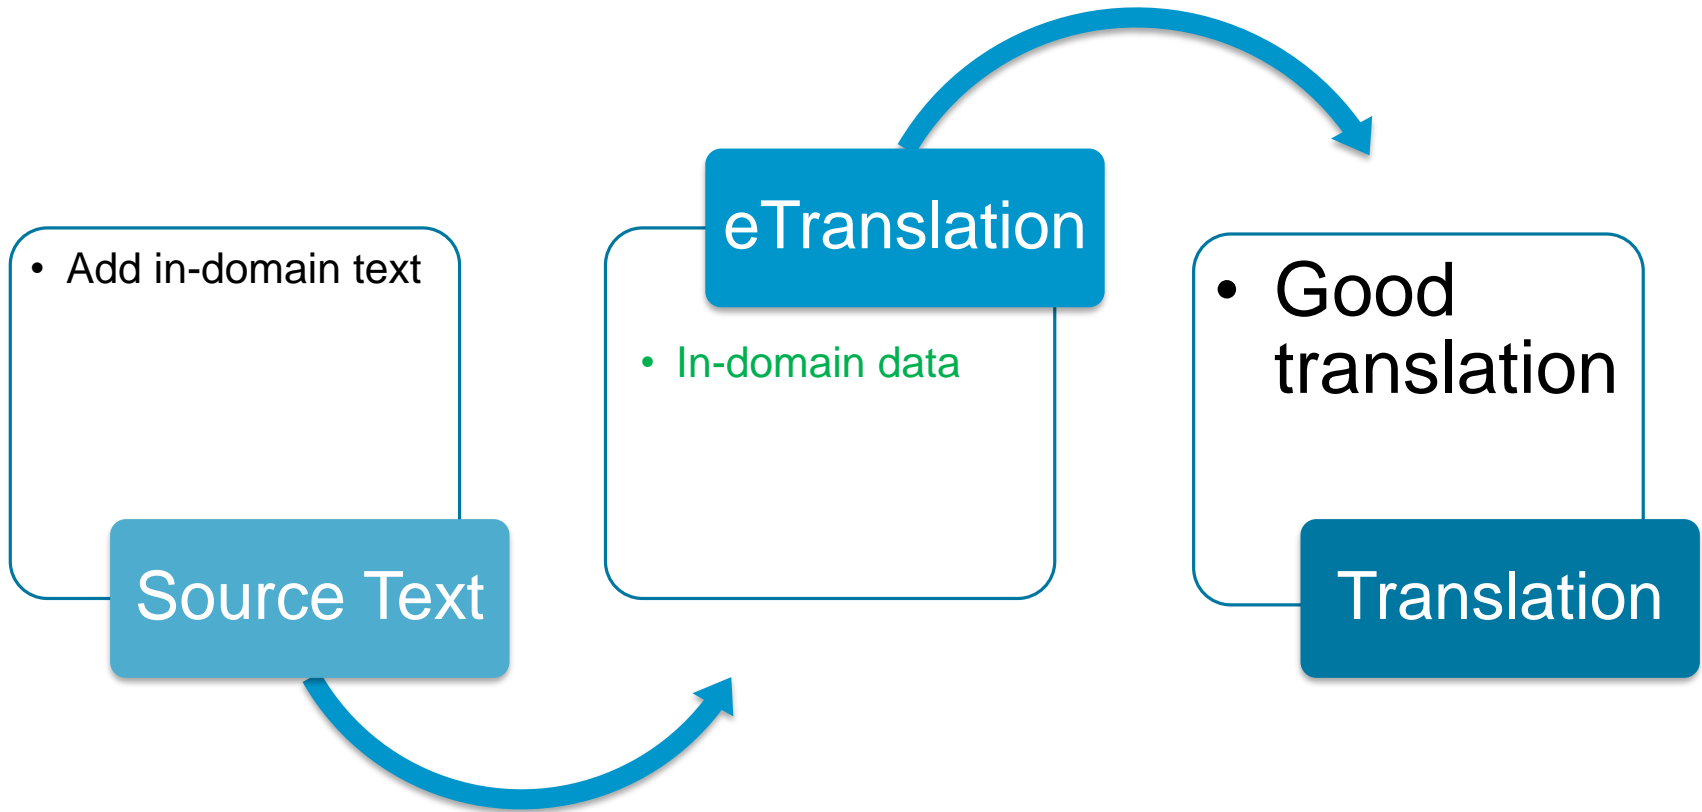

Institute for Language and
Speech Processing

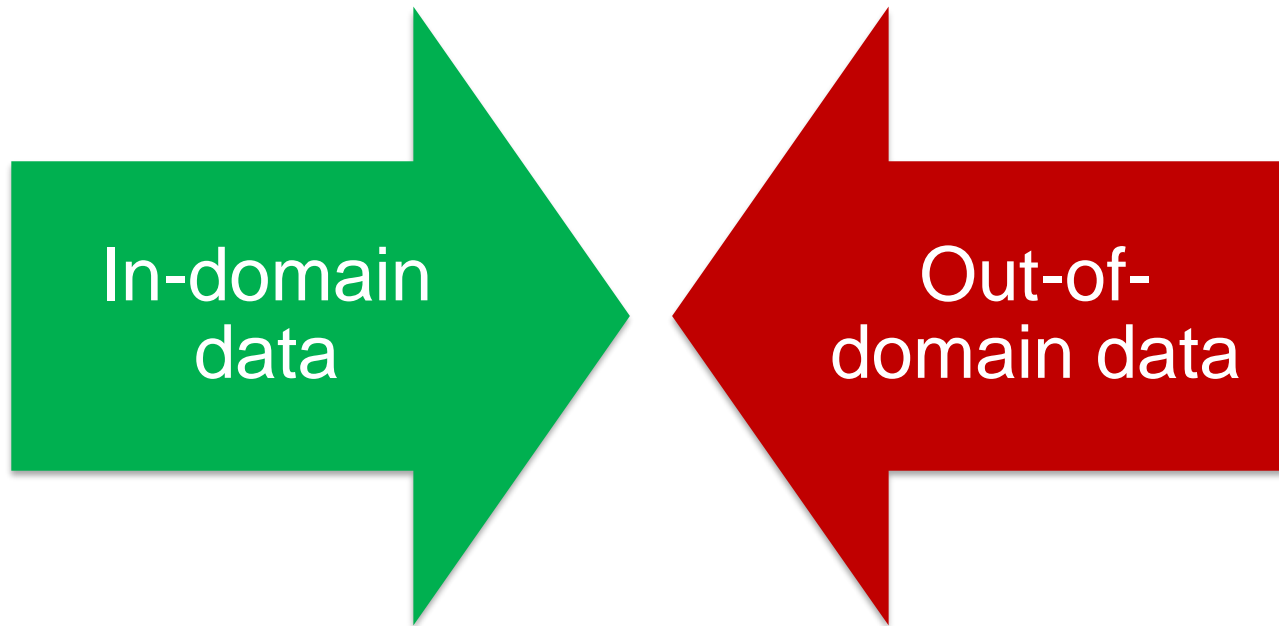

Tilde

European Language Distribution Agency

→ Your language resources make a difference!

**Collection of 225
language resources
overall**

**More than 2 billion
words in all EU official
languages, Norwegian
and Icelandic**

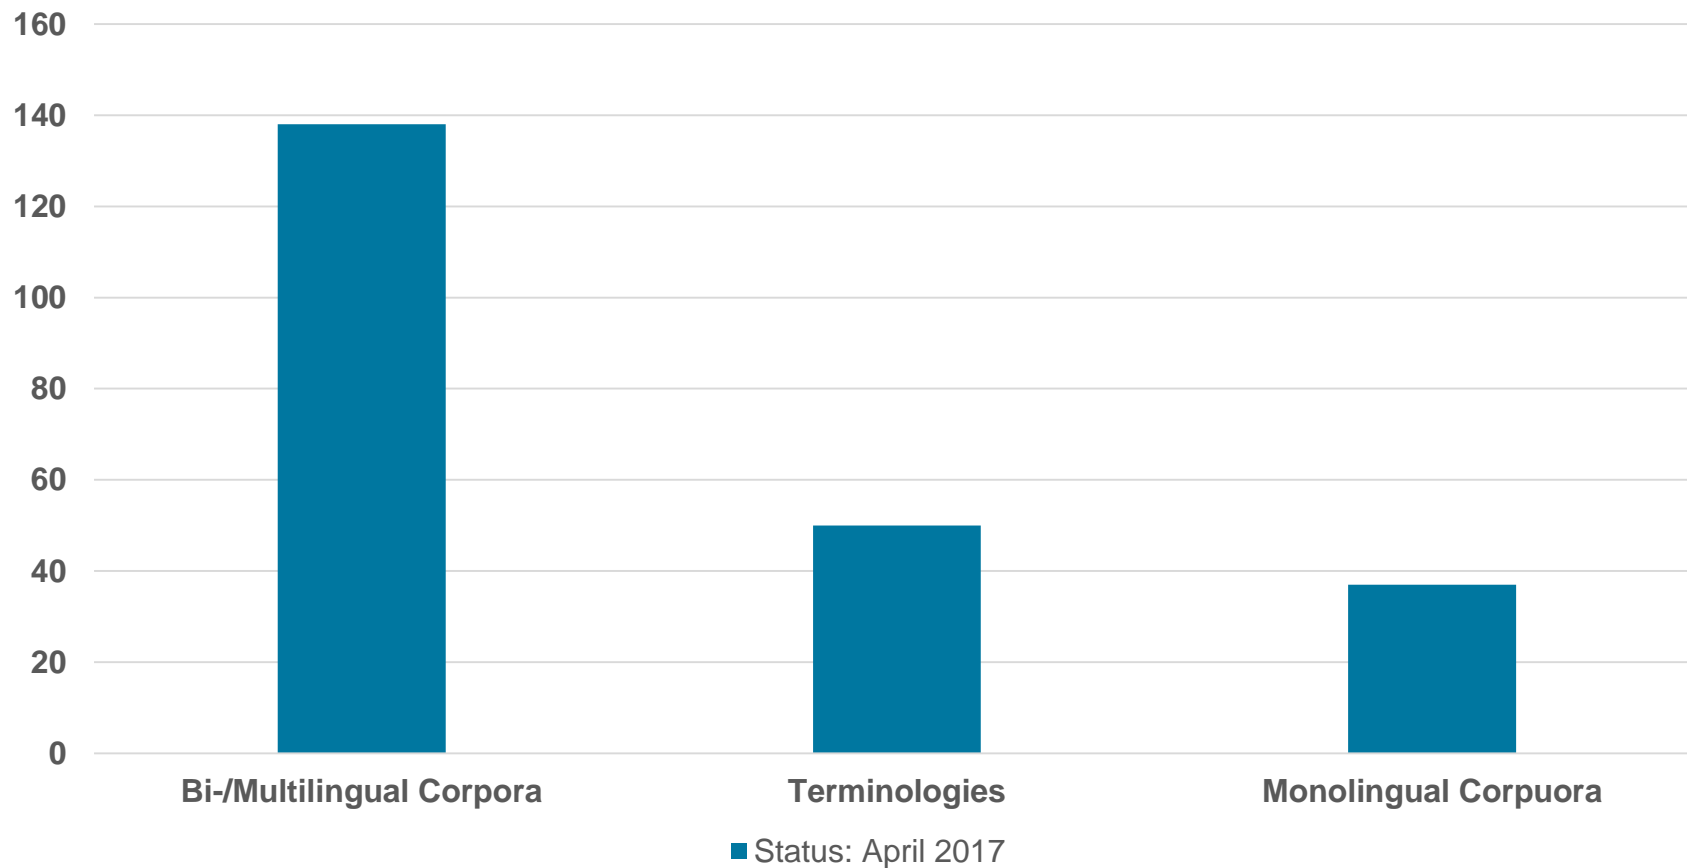

**More than 91 language
resources to be used by
you!**

Over 450.000 terms

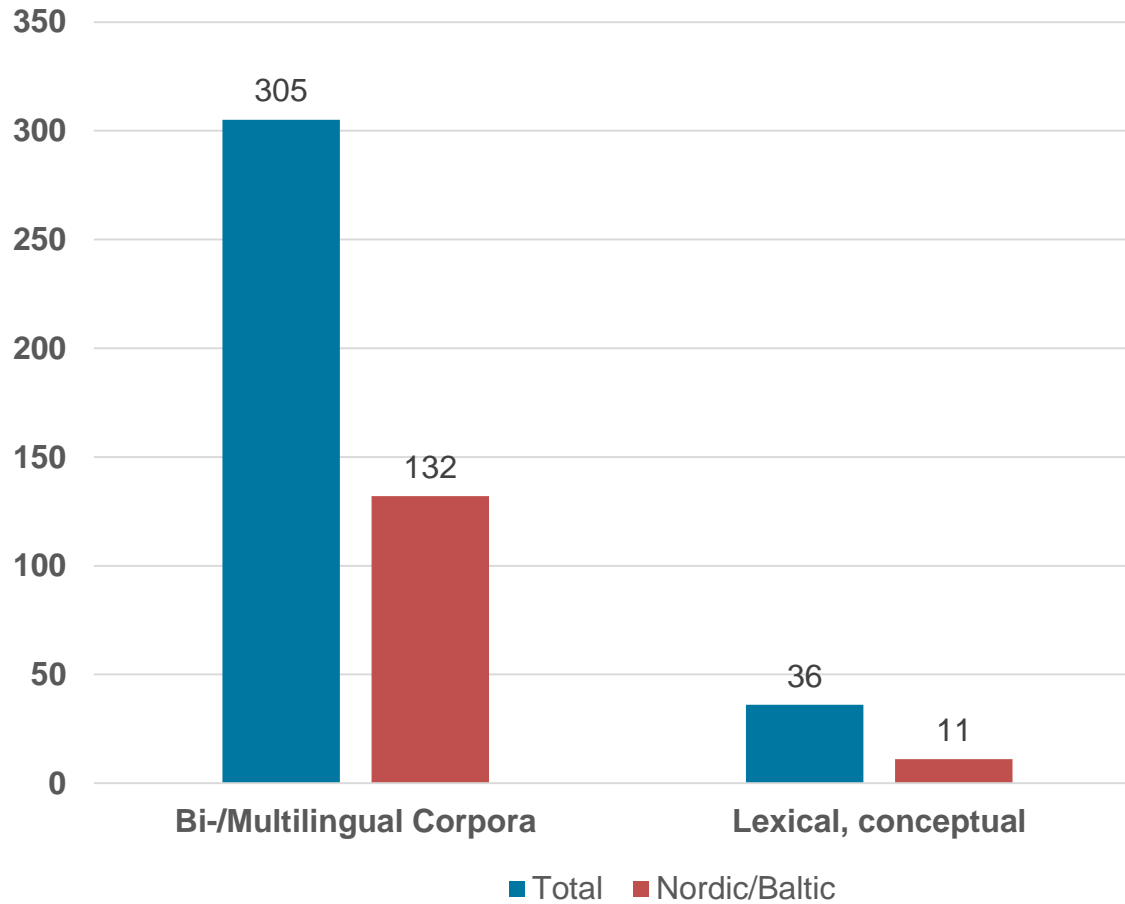

**More than 2 million
translation units**

LR contributions by type

What has been achieved so far...?

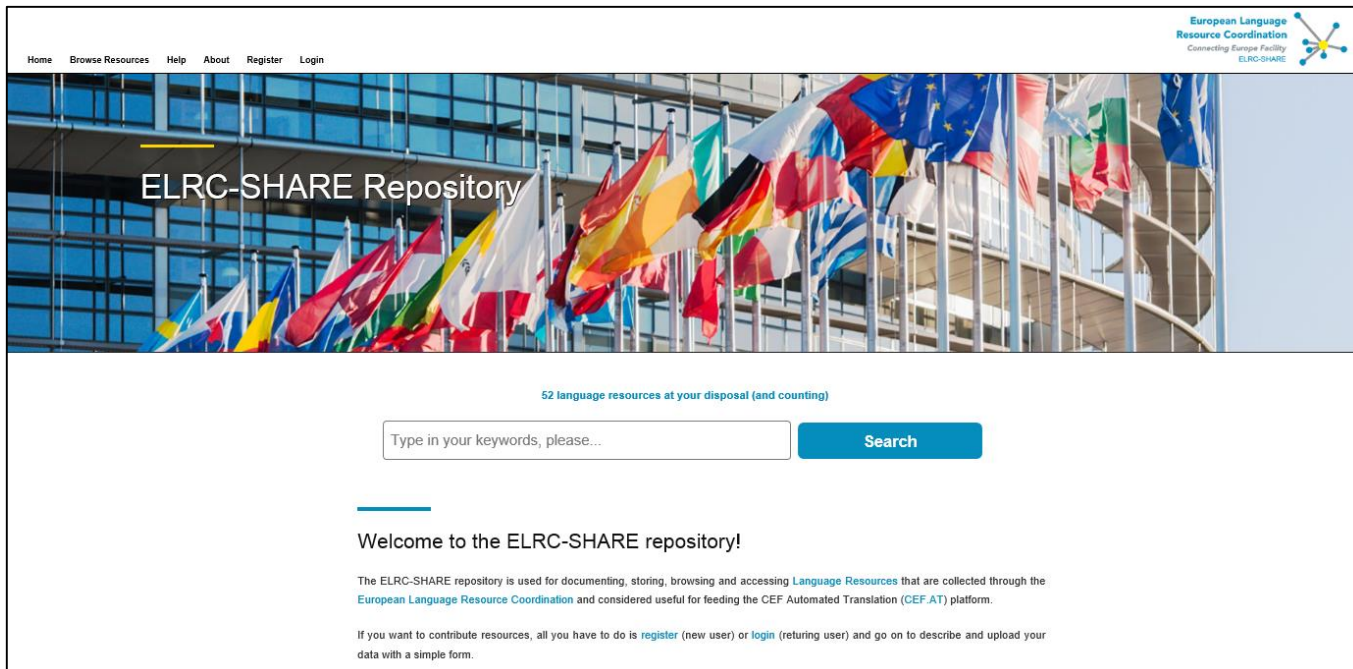

Status: September 2018

Count	Corpus	Lexical conceptual resource	Translation units
Danish	12	1	91 335
Estonian	6	1	128 401
Finnish	8		200 307
Icelandic	19	1	490 958
Latvian	5	1	66 550
Lithuanian	8	1	204 176
Norwegian	59	2	1 850 253
Swedish	15	4	103 057

- **The ELRC-SHARE Repository**

- Access to, sharing and contribution of language resources
- Access to tools and services catalogue (upcoming)
- Visit <http://www.lr-coordination.eu/resources>

The screenshot shows the homepage of the ELRC-SHARE Repository. At the top, there is a navigation menu with links for Home, Browse Resources, Help, About, Register, and Login. The main header features the ELRC-SHARE logo and a large image of various European national flags. Below the image, the text "ELRC-SHARE Repository" is displayed. A search bar is present with the placeholder text "Type in your keywords, please..." and a blue "Search" button. Below the search bar, the text "52 language resources at your disposal (and counting)" is shown. The main content area includes a welcome message: "Welcome to the ELRC-SHARE repository!" followed by a brief description of the repository's purpose and a link to the "Language Resources" section. At the bottom, there is a note about contributing resources, mentioning the "register" and "login" options.

Helpdesk for Language Resources

Helpdesk for Language Resources

We are happy to answer any questions on the technical or legal aspects related to the use, production, collection, processing, and sharing of language resources.

Please feel free to contact us through one of the following channels:

Telephone*	+33 970 440 522
Secretariat Support	+49 681 857 7552 85
Skype	ELRC Helpdesk
E-mail	help@lr-coordantion.eu

lr-coordination.eu/helpdesk

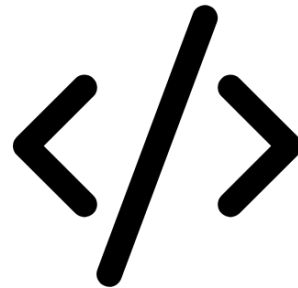

If you encounter any legal or technical issues with your language resources, ELRC and our broad network of experts can help!

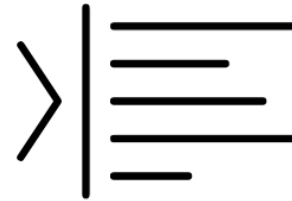

Data conversion

If your data isn't converted to the proper formats, we can help convert it

Tag removal

Does your data contain unneeded tags? We can assist in removing them!

Re-formatting

Need to re-format DOCX to XML, or PDF to WORD? Let us do it for you!

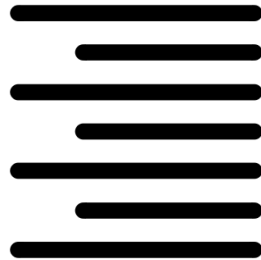

Data extraction

If your data is trapped in archives and databases, we can help extract it

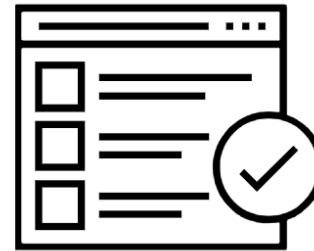

Cleaning

If your data is messy (i.e., lots of noise), we will clean it up

Alignment

Translations aren't aligned? We'll do it for you with our tools!

Metadata validation

Metadata is crucial!
We can validate and organize metadata for your team

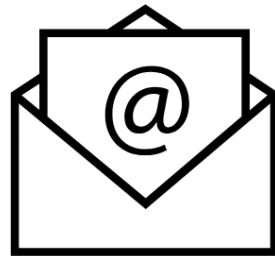

Anonymisation

Does your data contain private info?
We can help to fully anonymise

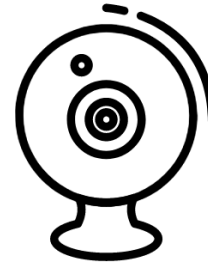

Phone

Pick up the phone and call the ELRC helpdesk

Email

Send us off an email briefly explaining your technical/legal issue

Skype

Skype us! We are online and ready to help with any questions

On-site

Our team of experts will travel directly to assist you at your own offices

ELRC consortium provides language processing services and assistance directly on-site to data contributors

We will fix your data issues and return the processed data directly to you. We can also help to improve your data management processes. Just ask!

How to request services

Submit a request for on-site assistance by filling out the form below. See a list of services [here](#).

Problem: In some Spanish governmental departments, archives were only available in PDF

Solution: ELRC helped provide good converters to get usable documents

Problem: Data owner needed help with anonymization, as databases contained personal info. Another need: cleaning up 'junk' data (URLs, numbers, fragments)

Solution: ELRC helped provide anonymization services and data cleaning

Case studies

Usage of eTranslation at the Swedish National Food Agency

Usage of eTranslation at the Swedish National Food Agency

General benefits: work smarter, safer, save time and money

Specific benefits for the Food Administration:
An effective tool for expert advice, risk assessment, rule development, review translations (new rules, EU or global regulations) cooperation against food fraud, global surveillance, etc.

Usage of eTranslation at the Swedish National Food Agency

Information and internal seminar

- Information on the intranet
- Prior to the seminar we presented one eTranslation manual
- A live demonstration for employees at the headquarters
- Demand from the field organization (Municipalities and county administrative boards)

Lättare att förstå våra europeiska grannar – nu är eTranslation här!

Publicerad 2018-02-27 09:13

De europeiska språken är många. Nu finns en översättningstjänst som hjälper till med snabba maskinöversättningar. Användbart när du till exempel behöver sätta dig in i en text skriven på ett språk du inte behärskar. Måndagen den 5 mars har du möjlighet att lära dig mer om hur eTranslation fungerar.

Den 1 februari 2018 anslöt sig Livsmedelsverket till eTranslation, EU-kommissionens nya maskinöversättningstjänst. Tjänsten är tillgänglig för alla Livsmedelsverkets medarbetare efter registrering och inloggning.

De flesta har säkert någon gång använt sig av Google Translate. Den nya eTranslation påminner på flera sätt om denna, med skillnaden att den är bättre, säkrare, mer anpassad till myndigheters behov och ständigt utvecklas och förfinas av användare i alla EU-länder. Dessutom går det att få hela dokument översatta, inte bara enstaka stycken.

Usage of eTranslation at the Swedish National Food Agency

- Facilitate understanding of documents, news, letters, lectures / posts in other languages
- Help with emails in other languages
- Get presentation in English or another language.
- Check the ingredient list in several languages

1. Amesto Translations Ltd.

- Norway's largest commercial translation company with many public sector clients.
- Normally agreements with public agencies do not say anything about ownership or access to TM.
- The National Library has received TM from all public sector assignments since 2011, ca. 1,5 million units.
- The National Library takes responsibility for all further use.

LATVIA

HUGO.LV public website

The screenshot displays the Hugo.lv public website interface. At the top left is the Hugo.lv logo. Navigation options include 'Tulkot' (highlighted), 'Atpazīt runu', and 'Izrunāt tekstu'. A user profile dropdown shows 'Jānis Lapigš' and a language dropdown shows 'Latviski'. Below the navigation, there are language selection buttons for 'Latviešu', 'Krievu', and 'Angļu', and a document type filter 'Normatīvie akti'. The main content area shows a document titled 'terms_and_agreement.doc' with a 'Tulkot citu' button. The document content is displayed in two columns: the left column shows the English text, and the right column shows the Latvian translation. A dropdown menu is open over the right column, listing 'Mani dokumenti' (8), 'Profila uzstādījumi', and 'Iziet'. A red button 'pielādēt iztulkoto' is visible on the right. The footer contains links for 'Mobilās aplikācijas', 'Rīki', 'Resursu iestatīšana', 'Meklēšana korpusos', 'Termini', 'Palīdzība', 'Atsauksmes', 'Par Projektu', and the TILDF logo.

Eesti Euroopa Liidu Nõukogu eesistumise moto on „Ühtsus tasakaalu kaudu”. Usume, et Euroopal on piisavalt palju ühist, leidmaks edukalt lahendused kõigile väljakutsetele ning kasutamaks ära kõiki meie ees avanevaid võimalusi. Peame hõlbustama avatust nii meie majanduses kui ka ühiskonnas, kindlustades samas turvalisuse ja julgeoleku. Eesti kui eesistujariigi ülesanne on leida tasakaal liikmesriikide erinevate seisukohtade, traditsioonide ja huvide vahel, et saavutada Euroopa kodanike jaoks parim võimalik tulemus.

The motto of the Estonian presidency of the Council of the European Union is “Unity through balance”. We believe that Europe has enough in common to successfully find solutions to all challenges and to exploit all the capabilities that we face. We need to facilitate openness in both our economies and in society, while securing security and security. The task of Estonia as the presidency is to find a balance between the various views, traditions and interests of member states in order to achieve the best possible outcome for European citizens.
