- Policy developments and real-life experience: Language technologies in the public sector

## REVIEW OF THE FIRST CONFERENCE DAY

- Policy developments and real-life experience: Language technologies in the public sector
- Impact and value of sharing language data

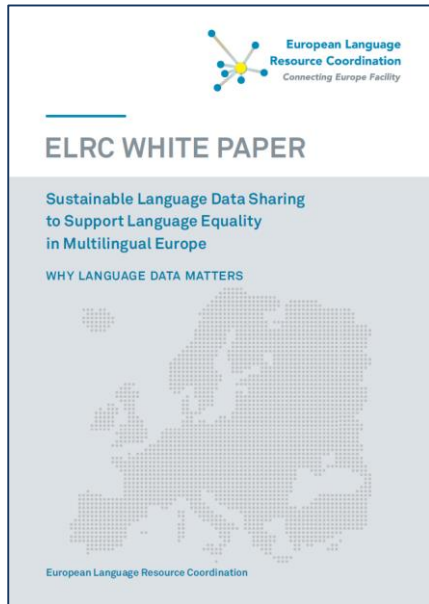

## REVIEW OF THE FIRST CONFERENCE DAY

- Policy developments and real-life experience: Language technologies in the public sector
- Impact and value of sharing language data
- Efficient and sustainable translation and procurement processes

## REVIEW OF THE FIRST CONFERENCE DAY

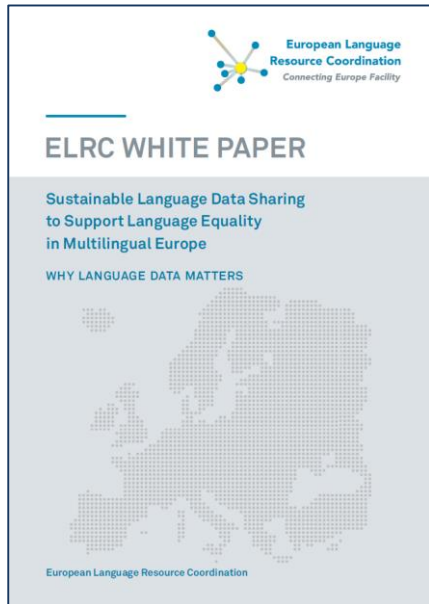

- Policy developments and real-life experience: Language technologies in the public sector
- Impact and value of sharing language data
- Efficient and sustainable translation and procurement processes
- Are we ready for the digital revolution?

## TAKE HOME MESSAGES FOR TODAY

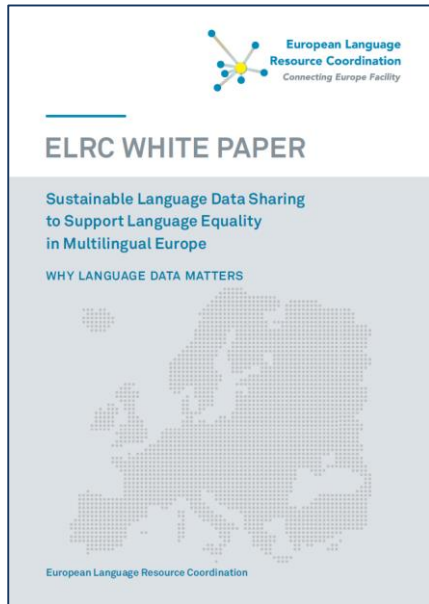

- Language data matters!
- Important adjustments need to be made in order to overcome existing barriers with regard to the sharing of language resources in Europe
- The adjustments concern both
  - policy level (EU and European States), and
  - the level of organisations involved with translations / language data
- The detailed analysis and recommendations are available in the ELRC White Paper – please visit: [www.lr-coordination.eu](http://www.lr-coordination.eu) → Helpdesk → Infopoint
